Previous Elected/Appointed Positions: None

Do you have any Building experience or Builders participating in your campaign?
Myself – Low Voltage Electrician

What endorsements have you received for your candidacy?
Nevada Animal Owners & Sportsmen – Voting Alliance
Grassroots Nevada LLC

1. What are your thoughts concerning mandatory fire sprinklers in all new construction?
Not in Residential or 1 story buildings.
2. What are your main concerns or issues you hope to address during your term?
Jobs, Lower Taxes across everything and Education

3. Last session the adoption of AB 148 forced all construction workers to attend a 10 or 30 hour OSHA course, if elected, would you support a repeal of this law?

I would not support it. I feel that it is a burden and punishment on the worker. The class I went to was just a bunch of outdated videos and pictures of injuries with a useless open book questioner at the end of each chapter.

4. What are your thoughts on how Chapter 40 construction defect law can be improved?

Not being familiar with Chapter 40 and having just skimmed it. And the way I read 40.655 is that the claimant may recover attorney's fees. Where as it need to say the winner of the case can recover attorney's fees.

5. Do you support new taxes or fees on the development of land?

I do not support new taxes and fees for anything.

6. Are you in favor of incentivizing or mandating Green Building?

Green is an ugly word that people came up with to raise prices. But I am for incentives on cost effective buildings.
